OPENING BALANCE	MINIMUM BALANCE	INITIAL MATURITY DATE	RENEWAL TERM	INITIAL RATE OF EARNINGS	FREQUENCY OF COMPOUNDING

2. **General Section**

This certifies that the Accountholder holds a savings account with the Opening Balance and for the Initial Term expiring on the Initial Maturity Date shown hereon in Wauwatosa Savings and Loan Association of Wauwatosa, Wisconsin.

The Accountholder may, from time to time and with the consent of the Association, make additions to the balance in this account in any amount. In the event of any such addition, the term of this account shall be extended so that the period from the date of such addition to the Extended Maturity Date shall be the same as the Initial Term or Renewal Term, if the addition is made during a Renewal Term.

3. **Earnings Section**

This account shall receive earnings at the Rate of Earnings as above set forth, provided the balance in this account is not reduced below the Minimum Balance Requirement. This rate is to be compounded daily and adjusted weekly. Earnings are distributable at maturity. After the Date of Issuance, the Association will adjust the rate of earnings weekly on the day following the Treasury Bill Auction to a rate determined by the Association to reflect current market trends.

Additions shall initially receive earnings in effect at the time of the additions. If the account balance is reduced below the Minimum Balance Requirement, the rate of earnings on the remaining balance shall be reduced to the rate then paid on regular savings accounts until the account again meets the Minimum Balance Requirement.

4. **Renewal Section**

This account shall be automatically renewed for another term at the close of business on the Initial Maturity Date or on the maturity date of any Renewal Term unless (1) it is withdrawn on the one business-day grace period referred to in Section 5 hereof, or (2) at least five days before a maturity date the association gives written notice to the Accountholder that this account will not be renewed at an earnings rate set forth in Section 3 and/or for the Renewal Term set forth in Section 1. In such latter event, upon maturity the account will either be renewed at such rate of earnings and/or for such different term as set forth in said written notice, or it will be converted to a regular savings account and receive earnings at the rate then paid on regular savings accounts. The rate of earnings for any automatically renewed term shall be as identified and explained in Section 3.

5. **Penalty Clause Section**

Except as otherwise provided herein, in the event of any withdrawal of principal from this account prior to a maturity date, the Accountholder shall forfeit an amount equal to all earnings paid, credited or accrued on the amount withdrawn from the most recent of the date of deposit or the date of renewal.

This penalty shall also be imposed on early withdrawals when the account has already been reduced below the Minimum Balance Requirement.

The penalty prescribed herein will not be imposed for a withdrawal of principal following the death or adjudication of incompetence of any Accountholder.

If the account or any portion thereof is withdrawn not more than one business day after a maturity date, earnings shall be paid on the portion withdrawn at the adjusted rate of earnings at the time of the withdrawal.

To the extent necessary to comply with these requirements, deductions shall be made from the amount withdrawn or the remaining account balance.

6. **Statements**

A monthly statement showing the transactions and interest earned will be mailed to each Accountholder.
